

# WASHINGTON DELUXE

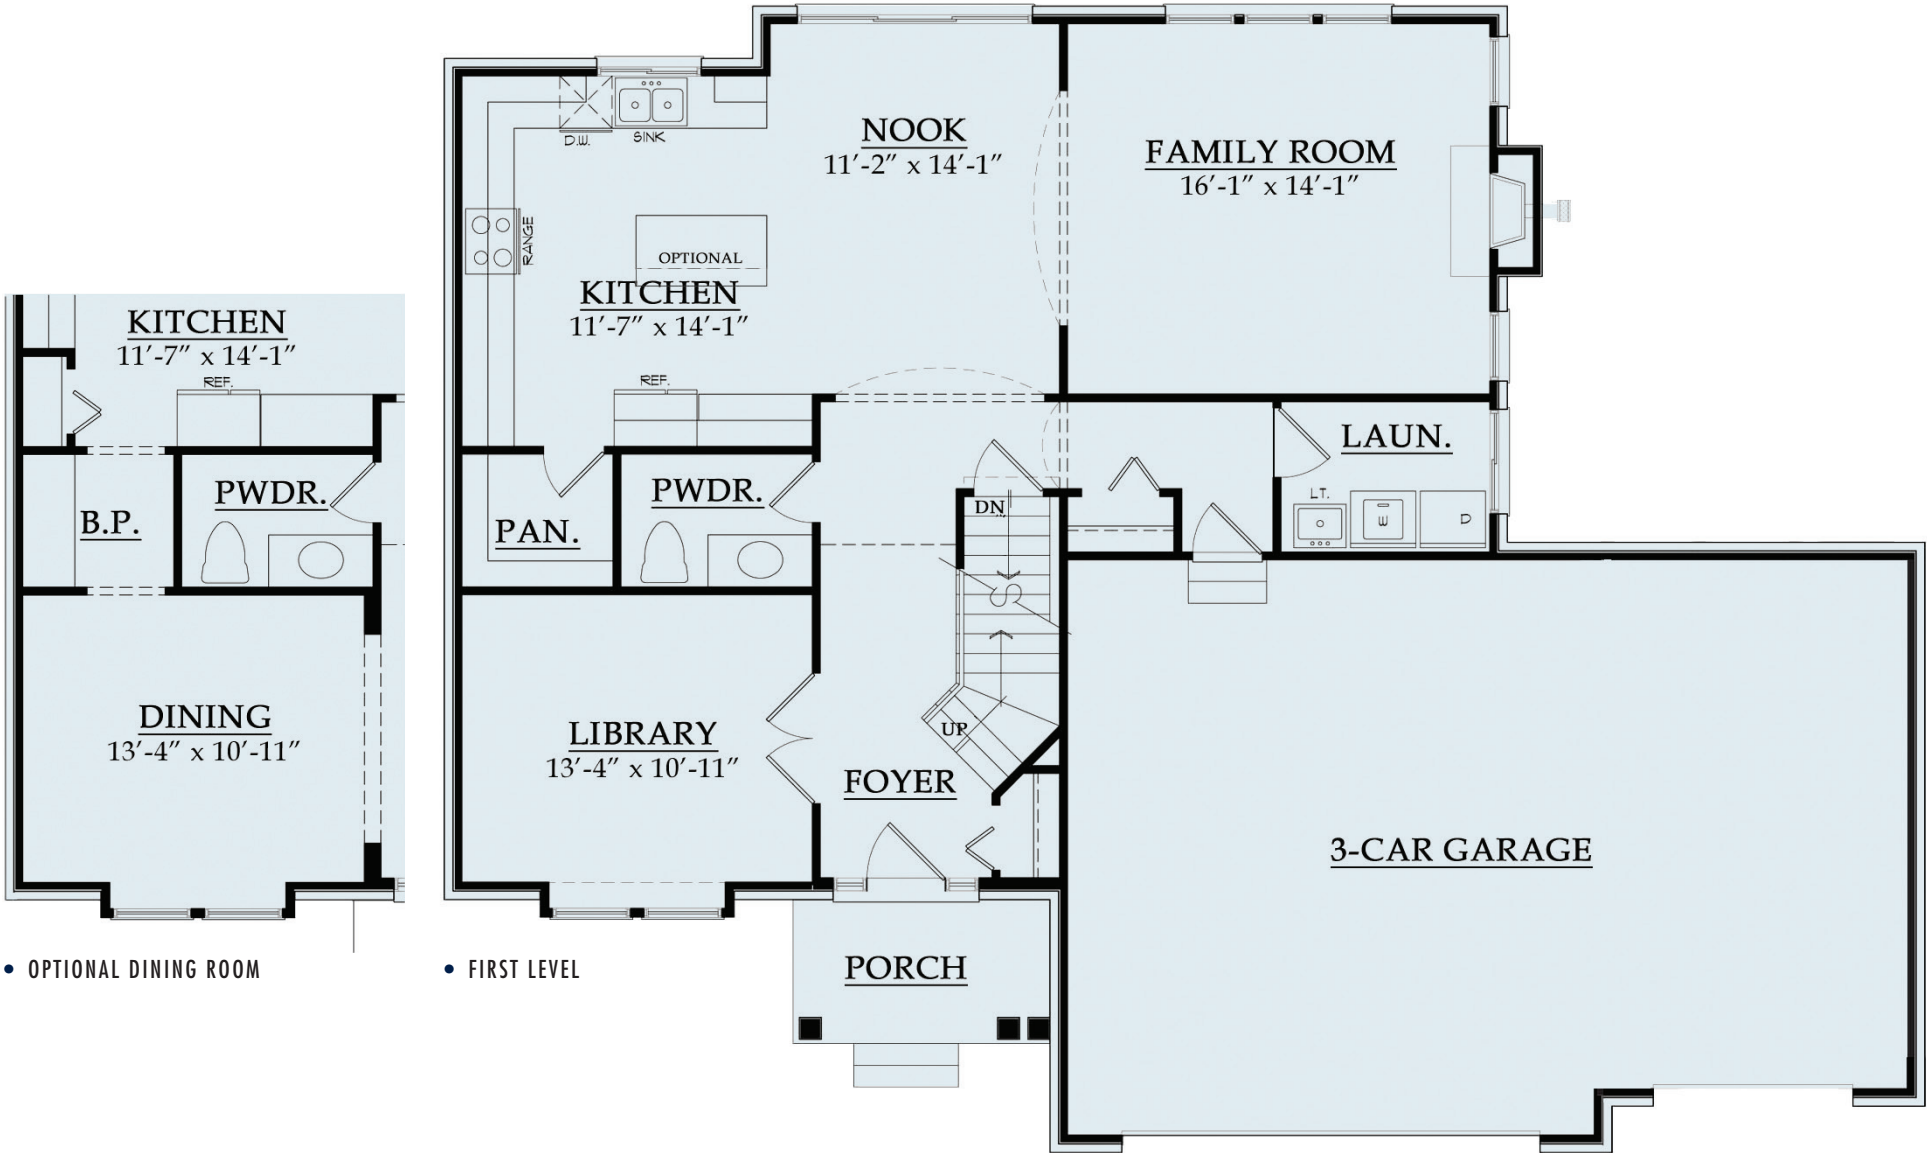

First Level	1,154 sf
Second Level	1,126 sf
Total	2,280 sf

The Washington Deluxe is a unique plan that lives large thanks to its two-story foyer and open, flowing first floor living area. The foyer opens to a cozy library or an optional formal dining room with butler’s pantry. The spacious kitchen with its optional island, sunny dining nook and family room keep the family connected and engaged. The second level owner’s suite offers a cathedral ceiling, triple windows and an elegant spa bath with separate tub and shower. Three additional bedrooms share a central bath and space for a study station. The three-car garage opens to a mud room and convenient laundry. You’ll love this home from the moment you enter from the covered porch.
