When you enter the Grand Galaxy, the expansive foyer greets you as a member of the family. With the open plan you won't miss a single family moment. Sit with a cup of coffee in the family room and enjoy the crackle of the fireplace or catch up on your favorite show. Need to keep the home in order? The command center is where you can get the job done and stay organized. The kitchen with a center island, snack bar and walk-in pantry, along with the dining room, will let you host the dinners that everyone will remember. Want to spend more time outdoors? Add the optional lanai and take in the summer as it was met to be. And the home office you always wanted is not only a dream, but now a reality. Let's not forget about the mud room off the two-car attached garage, with a large closet, built-in bench and convenient first floor laundry. Have a classic car or just need extra storage? The additional attached one-car garage will provide the extra space to accommodate your lifestyle.
